AIR FLOOR is a set of inflatable tracks that may be connected in order to get a durable, dynamic and safe surface for various gymnastics applications.

Available sizes of sets:

12m x 12m = 6 tracks with dimensions 12m x 2m x 10cm

14m x 14m = 7 tracks with dimensions 14m x 2m x 10cm

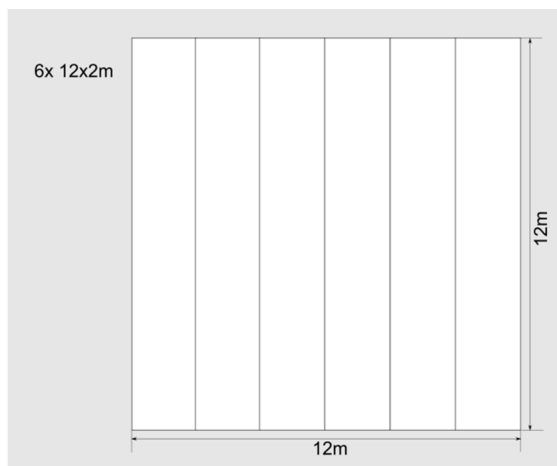

All the TumbleAir tracks have durable handles for moving the equipment in the sport hall. After deflating they occupy little warehouse space.

The **AIR FLOOR** set includes special connection Velcro straps of the lengths of 6m or 7m, respectively.

Optionally, there are available specialist transport trolleys for comfortable folding, unfolding and transportation of tracks.

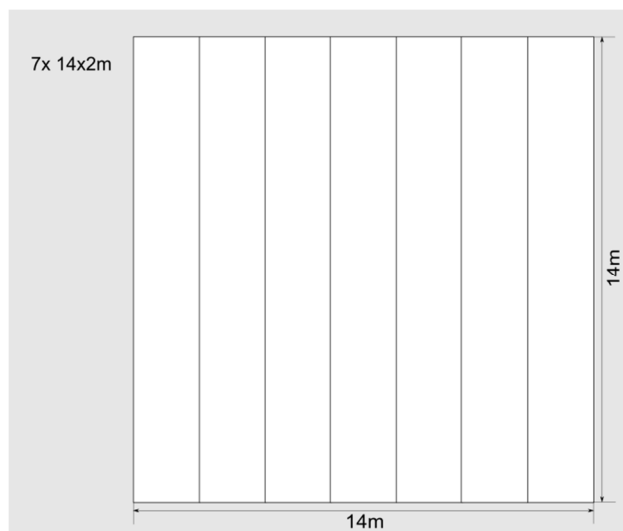

The set 12m x 12m consists of:

- 6 tracks (12m x 2m x 10cm)
- 3 Carrying Bags
- 10 Velcro straps 6m
- electric pump (blower)

The set 14m x 14m consists of:

- 7 tracks (14m x 2m x 10cm)
- 4 Carrying Bags
- 12 Velcro straps 7m
- electric pump (blower)

Tracks can be bought separately (one by one)
